

COVID-19 Update from Richard O'Brien, Owner Out O' Space Storage

March 27, 2020

We are still open at this time, but with the unpredictable nature of this health crisis, that is subject to change. For the latest updates, please check our Facebook page.

Our top priority continues to be the safety of our customers and employees. We are closely following the latest CDC and Department of Health guidelines, as well as Executive Orders from local, state, and national officials.

To do our part to help avoid exposure, we have taken the following steps:

- Disseminated CDC and other educational materials at our storage facilities for steps to protect customers as well as others, plus information about social distancing.
- We have suspended the use of golf carts, in an effort to maintain proper 6' social distancing.
- We have also suspended truck rentals at all our self storage facilities, for the same reason.
- We have stepped up our janitorial services, based on new sanitizing and cleaning guidelines.
- We have a new policy that allows only one customer or two associated customers to be in our offices at same time. Once inside our office, we have taped places on the floor to indicate the recommended 6' distance required.
- We are disinfecting light switches, pens, key pads, and door knobs between customers' usage.
- All tenants and visitors are asked to respect the 6-foot social distancing rule at our facilities.
- We have suspended rental increases during this pandemic crisis.

Out O' Space Storage continues to offer:

- A variety of storage unit solutions at affordable prices.
- The ability to rent or reserve storage units online or in person.
- Storage and moving supplies at a 10% discount.
- The ability to pay your bill online.
- Setting up autopay by credit card online.

This is a time for us to come together as a nation. To help each other in these uncertain times. Please feel free to contact us if you have any questions. We appreciate your patience as we monitor and adjust the policies based on official guidelines set by health officials, in an effort to stay safe!

Sincerely,
Richard O'Brien
Owner
